

NCWSA Record Application Form

Summary of Policy & Procedures

The purpose of this application is to enable the NCWSA board to properly administer the requirements of setting a record in accordance with the rules, to ensure that the rules and standards were adhered to and to assure that performances and judgments are applied on a consistent basis across all tournaments and across the years. The application and all other documentation which is required shall be used by the NCWSA board for purposes of approving or disapproving a record that has been submitted for consideration.

Competitor Responsibilities

It shall be the skier's responsibility to promptly notify the Chief Judge, or other event judge, if he believes his performance may qualify as a record. Should the Competitor believe that they are not receiving timely, reasonable or fair action on their request they are to contact the NCWSA Chairman.

Chief Judge Responsibilities

It will be the responsibility of the Chief Judge to assure that the duties of the Officials at the tournament have been carried out as contained in this Application Form. All required information, as outlined on the following pages must be submitted to the NCWSA Chairman within the 21 day period.

NCWSA Board Responsibilities

Upon receipt of the Record Application Form and the required supporting materials (e.g. video clips) the NCWSA Chairman (or his designee) will evaluate the record to assure that all technical requirements were met. Upon his satisfaction that the technical requirements were met he will then assemble any materials, in any manner that he feels appropriate, which require a decision pertaining to judgment made by the Event Judges for the consideration of the NCWSA Board.

The specific technical review to be conducted will, as a minimum, include the following procedures:

Slalom

- ❖ Review of the pass timing data to assure adherence to Rule 1.12 was met.
- ❖ Review the course and towline measurements to assure compliance with tolerances. This may include the "collective" measurement review to assure that the collective tolerance of course and towline do not create an unfair advantage.

Tricks

- ❖ Review of the video pass timing to assure accuracy and agreement with Event Officials. The Chairman may employ any method deemed appropriate and if he disagrees with the judgment of the event officials, he will refer this on to the NCWSA Board.
- ❖ Review the scoring to assure no errors in scoring occurred.
- ❖ Review the pink sheets and the video and determine if potentially non-creditable tricks may exist. If he believes non-creditable tricks may exist then he will refer the record to the NCWSA Board for further consideration.

Jump

- ❖ Review of the pass timing data to assure adherence to Rule 1.12 was met.
- ❖ Review the course and ramp measurements to assure compliance with tolerances.
- ❖ Review the accuracy of the measurement setup and the jump distance.

NCWSA Record Application Form

Attention Chief Judge

This application and all supporting data must be completed and sent to the NCWSA Chairman within 21 days of the event.

This performance (circle one) **establishes / ties** a NCWSA (circle one) **slalom / trick / jump** record
for the (check all that apply) _____ Conference, _____ Region, _____ Nation.

Description of Performance

Event:	Performance:
Tournament Name:	Date:
Tournament Location:	Sanction #:
City, State:	Zipcode:

Identification of the Skier

Name:	Birthdate:
Email Address:	Membership #:
Skier Address:	School:
City, State Zip:	

I have read and understand the eligibility requirements as written in the current NCWSA Tournament Rules. I understand all the requirements in the NCWSA Tournament Rules for the proposed record must be met. To the best of my knowledge: (1) I was qualified to apply for the stated NCWSA record, on the date of the performance, (2) I have reviewed this application and verify it is correct.

Skier Signature:	Date:
-------------------------	--------------

Officials' Statements

"To the best of our knowledge, all current NCWSA rules and record specifications (except as noted) were followed and the tournament at which this record performance was accomplished was conducted according to the record capability standards. We therefore recommend acceptance of the enclosed record."

Chief Officials:

Position	Name	Signature	Phone #	Rating
